

Bar top above customized with inlaid translucent solid surface

Bar top above shown in Black Quartz with a semi-gloss finish

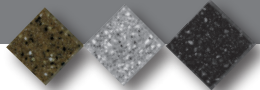

## JUST SOME OF BENEFITS OF REFLECTIONS® SOLID SURFACE PRODUCTS

- **Easy to Clean.** There are no seams, or grout lines to capture dirt and bacteria.
- **Never Needs Sealing.** Unlike granite or other natural stone, Reflections® never needs to be sealed.
- **Non-Porous and Stain Resistant.** Unlike unsealed granite, spills don't permeate the surface, and if maintained properly, Reflections® does not promote the growth of mold, mildew and fungus.
- **Heat Resistant.** Reflections® solid surface is heat resistant.
- **Restorable.** Because the color runs all the way through, marks and scratches can easily be removed to restore Reflections® to its original appearance.
- **Residential & Commercial Applications.** The versatility of Reflections® makes it the perfect choice for homeowners, builders and business owners because it can be carved, molded, textured and routed to a multitude of applications.
- **15-Year Limited Warranty.** All Reflections® solid surface products, including countertops, and tub & shower kits come with a 15-year limited warranty, so you can be confident that we stand behind our products.
- **Reduced pricing** – Available for bulk, wholesale orders.
